

Hello! I'm Gobi Kathirvel, a proud member of TAGDV for over 8 years, and currently residing in Downingtown, PA with my spouse, Amutha Jayachandran, and our two children. Professionally, I work as a consultant in the IT industry—but my true passion lies in community service and cultural engagement.

From participating in initiatives like Comcast Cares Day to coaching youth softball with EBYA, I've always believed in the power of service to bring people together and create meaningful change. I also support educational initiatives for underprivileged children in government schools in Tamil Nadu, helping them access the tools they need for brighter futures.

Within TAGDV, I've been an active member since 2017 and a dedicated volunteer at ETP. In 2024, I had the honor of serving as Vice President of TAGDV. In this role, I collaborated with our Executive Committee and President to achieve a record number of successful programs, including:

- NRT Welfare board session
- College workshops for middle and high school students
- Financial and health seminars for our members
- Enabling youth to earn the **Presidential Volunteer Service Awards (PVSA)**
- Securing a **Governor's Proclamation from Delaware** recognizing our Deepavali celebration

Now, I am excited to step forward once again as a candidate for **TAGDV Vice President**. My vision is to build a vibrant, compassionate community where service, culture, and heritage thrive together. I am especially committed to inspiring our youth to take pride in their Tamil identity and contribute for the community.

Your support and vote mean the world to **me and my team**. Let's continue to strengthen TAGDV—**together, united, and proud!**
